In Brčko, _____

1. Authorship - You allow the reproduction, distribution and public communication of the work, and adaptations, if the author's name is mentioned in a manner determined by the author or the licensor, even for commercial purposes. This is the most free of all licenses.

2. Authorship - non-commercial. You permit the reproduction, distribution and public communication of the work, and adaptations, if the author's name is mentioned in the manner specified by the author or the licensor. This license does not permit commercial use of the work.

3. Authorship - non-commercial - no processing. You permit the reproduction, distribution and public communication of the work, without changing, transforming or using the work in your own work, if the author's name is mentioned in the manner specified by the author or the licensor. This license does not permit commercial use of the work. In relation to all other licenses, this license limits the maximum scope of the right to use the work.

4. Authorship - non-commercial - share under the same conditions. You permit the reproduction, distribution and public communication of the work, and adaptations, if the author's name is indicated in the manner specified by the author or licensor and if the adaptation is distributed under the same or a similar license. This license does not allow commercial use of the work and adaptations.

5. Authorship - no processing. You permit the reproduction, distribution and public communication of the work, without changing, reshaping or using the work in your own work, if the name of the author is indicated in the manner specified by the author or the licensor. This license permits commercial use of the work.

6. Authorship - share under the same conditions. You permit the reproduction, distribution and public communication of the work, and adaptations, if the author's name is indicated in the manner specified by the author or licensor and if the adaptation is distributed under the same or a similar license. This license permits commercial use of the work and adaptations. It is similar to software licenses, i.e. open source licenses.
